

Carson City Library

Updates, Advisory & Works in Progress:

- Recent rainy weather: leaf-clogged gutters/drains backed up causing damage to ceiling tiles, but otherwise mitigated

- Update, citizenship class in library to resume – now over 480 new citizens in Northern Nevada! Library chromebooks have been in use with students of the English Language Learners In-Home Program since the start of the pandemic

- Nevada Day Parade: Library will be marching with the City as entry #34 in the parade line-up. You're welcome to join us! The City float will be staging in the Senior Center parking lot before 9am, and we're expecting to arrive at or before 10am.

- Updates/early wins from the Strategic Planning/communication efforts:
 - Cross-training
 - Rework of Juvenile Spanish section (See Access Services – Creative Learning report)
 - No smoking signs
 - Library benches
 - Staff book club, potlucks planned
 - Staffing updates

- Banner removed from the building

- October 16 – bicycle stolen from out front of the library while its owner attended a community meeting: the bike is a 1976 Peugeot ten speed, teal blue body, and was the owner's primary transportation. Surveillance camera video showing a man clearly at the bike rack and then riding away with the bike has been shared with police.
